

THE CHEDI
HOTEL & RESIDENCES
LUŠTICA BAY, MONTENEGRO

ENVIRONMENTAL POLICY

The Chedi Luštica Bay - LB Hotels Management doo Tivat
A Subsidiary of Orascom Development
Novo Naselje b.b. 85323 Radovići | Tivat, Montenegro

WE ARE A GREEN KEY MEMBER

Our mission is to inspire meaningful connections between guests, clients and partners alike. The Chedi Luštica Bay was born out of a desire to celebrate an active, healthy lifestyle: to experience the beauty that our peninsula's nature has to offer, to build community, to engage with locals and fellow travellers, to work and enjoy new adventures. The Chedi Luštica Bay therefore and consequently understands the significance of responsible tourism. There is no Planet B.

We are undertaking the following actions to strive to responsibly lessen our impact on the environment wherever we sensibly can, by practicing:

+ ENERGY SAVING / GREEN CONSTRUCTION AND TECHNOLOGIES

Intelligent green construction methods and the latest energy-saving technologies have been used throughout the Luštica Bay development as well as The Chedi to ensure our buildings slash the current regional energy consumption.

+ WASTE MANAGEMENT AND RECYCLING

We are optimising waste management through re-use and recycling. Waste separation is the rule at The Chedi Luštica Bay. The use of plastic is being reduced – drinking straws, stirrers, etc. are made of recyclable materials.

The Chedi is successfully implementing multi-use polycarbonate water bottles. All single-use plastic water bottles will soon be eliminated from rooms and suites. It is our goal to be plastic-free by 2024.

+ WATER SUSTAINABILITY

We are working on implementing special water filters in our water system which will work towards water conservation.

+ SUPPORTING SUSTAINABLE LOCAL BUSINESSES

No hotel can genuinely thrive in isolation and is only as good as its surrounding environment, hence we have a vested interest in the long-term sustainability of our destination. We are committed to demonstrate our hotel's dedication to local businesses by sourcing the produce from local sustainable farms.

+ COMPLIANCE WITH LAW

The hotel complies with relevant environmental and social legislative requirements.

By creating and preserving jobs, and by collaborating with partners, service providers and suppliers in the area, The Chedi Luštica Bay is making a sustainable contribution to local value creation. The Chedi Luštica Bay offers fair working conditions to over two hundred of its employees, as well as opportunities for personal development and trainings.

We are happy to hear your ideas on how we can contribute to the environment at:

+ RISING ENVIRONMENTAL AWARENESS IN OUR COMMUNITY

Through implementing initiatives and communicating our efforts to our clients and all our stakeholders, we encourage everyone to join us in conducting simple practices to meet our objectives in protecting the environment.

We educate our employees, business partners and suppliers as much as possible about our impact on the environment and our determination to minimise it.

Milica Jankovic
Green Team Leader

Jan Albers
General Manager
